## Ollie's I Spy Activity Book

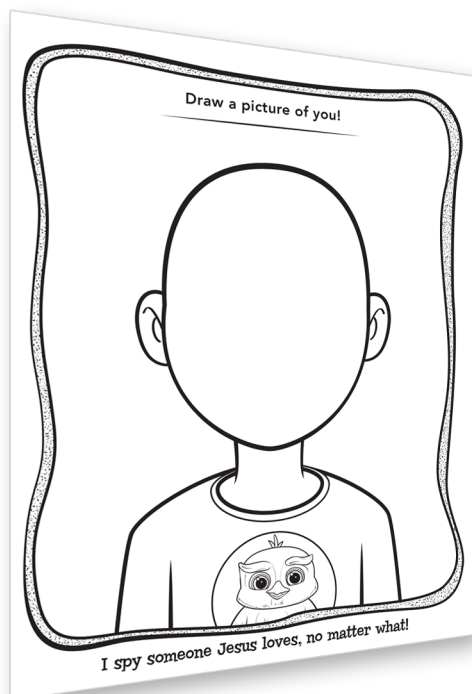

*From the creators of First Look preschool resources*

This is WAY more than an activity book featuring preschoolers' favorite owl. It's an activity-based devotional designed especially for preschoolers, about Jesus: who He is, what He does, and how He loves us.

Plus, it's full of fun and challenging activities that will help preschoolers practice key school-readiness skills, such as matching, shape identification, hand-eye coordination, counting, and more. (And bonus: preschoolers and parents can play I Spy to find Ollie on every page.)

**Ollie's I Spy Activity Book** is available at [OrangeStore.org](http://OrangeStore.org) (with special bulk pricing) and [TheParentCue.org](http://TheParentCue.org).

For even more fun with Ollie, parents can use the FREE Parent Cue app to download additional resources and to watch Ollie videos.

## Ollie's I Spy Activity Page

*From the creators of First Look preschool resources*

"I spy" someone Jesus loves, no matter what! **Parents**, print the next page, grab some crayons, and enjoy some together time as your preschooler draws his or her face. (Pro tip: Even the littlest toddler has started drawing faces in his or her own way!)

**Church leaders:** You may want to share the following activity page with the preschool families in your church. It's from *Ollie's I Spy Activity Book*. **Ideas for use:** Provide the activity page in a welcome packet, if families are attending in-person services together, or include the activity page in a digital care package that you email to families. (For all other uses, please contact us at [OrangeBooks@rethinkgroup.org](mailto:OrangeBooks@rethinkgroup.org).)

Draw a picture of you!

I spy someone Jesus loves, no matter what!

### **I Spy Someone Jesus Loves**

**WHAT TO DO:** Grab some crayons and enjoy some together time as your child draws his or her face. Say: "Can you draw your eyes? How about your mouth? I spy someone Jesus loves—He loves you!"
